PATHMD CASH-PAY CAP - CLINIC REFERENCE

Sollis cash-pay limit supplied November 2, 2026

CURRENT CLINIC RULE

Cash-pay charge is capped at $150 per PathMD test. The cap is PER TEST, not a flat price per encounter and not a guarantee that every test costs $150.

The PathMD vendor 2026 rate sheet has uncapped standard values above $150 for several assays. Those vendor list prices do NOT override the clinic's stated $150/test cap.

Confirm which patients qualify, the exact charge and approved payment collection workflow with the clinic billing owner before quoting or collecting payment.

VENDOR SCHEDULE CAVEAT

The vendor's 2026 sheet says cash-pay is only for uninsured/self-pay patients. Patients with active coverage are not eligible under that listed vendor policy. Payment is stated as due at service.

Do not upload or store patient payment card numbers in Lab Central or this document. Follow approved financial privacy procedures.

Prepared as a quick reference from the supplied vendor materials. Current approved SOP governs.
