(Instructions for Use/technical documents)
___ www.bioMerieuxUniversity.com (eLearnings and documents)

☒**NOTE:** This guide is intended for use during the In-Lab Training. The selection and sequence of topics and training flow are dependent on the specific laboratory's needs. Upon completion of the initial instrument installation and training, additional customer requested In-Lab training will be billed as per the Training Services Fee Schedule.

Completion of this checklist certifies that I have attended the BIOFIRE FILMARRAY TORCH In-Lab training provided by the bioMérieux local Field Application Specialist and can demonstrate knowledge of the BIOFIRE FILMARRAY TORCH System
